	<p>Daniyal Inayat BBA (Hons)</p> <p>“I went to Anadolu university, and oh man! I truly believe that this university is one of its kind with a huge campus and more than a million students. Eskisehir or as they call it “The Student city” was simply great, I am so in love with the vibe of this city. We used the time we had before the start of our university to meet a lot of new people and eat a lot of Turkish food; my personal favorite is Kahvalti (Turkish breakfast). We spent the most time with the Erasmus community. We would get together at least once a week for coffee, dinner, or a party with students from all over the world. My favorite part was hearing the stories of each person and telling them about life in Pakistan.”</p>
	<p>Isha Khalid Alvi BS Accounting & Finance</p> <p>“I took part in a semester-long exchange program at Turkey's Anadolu University, which proved to be a significant learning experience for me. Anadolu University boasts an engaging foreign affairs faculty, and the campus offers a wide range of facilities to cater to students' diverse interests.</p> <p>This was my first time stepping out of my comfort zone and traveling to a foreign country alone. I gained valuable insights into how the world operates differently and how people from various walks of life come together to learn from one another. The cultural exchange aspect was the most captivating part of my experience, teaching me to adopt an open and different perspective on the world.”</p>
	<p>Moezah Binte Sarwar BS Accounting & Finance</p> <p>“It was a wholesome experience of representing our country and making friends from different regions. Even though I have been an introvert my entire life and never initiated a conversation, this experience has changed that and now I feel more confident than ever. I have explored different cities with my friends who became more than a family and together we have created memories that will last with us forever.”</p>
